PUBLIC HEALTH OFFICER AND
DIRECTOR OF EMERGENCY SERVICES
OF THE COUNTY OF SAN JOAQUIN
DIRECTING**

**ALL INDIVIDUALS LIVING IN THE COUNTY TO STAY AT HOME OR AT
THEIR PLACE OF RESIDENCE AND RESTRICTING ACTIVITIES IN
RESPONSE TO THE COVID-19 OUTBREAK, WITH EXCEPTIONS AND
EXEMPTIONS, AS SPECIFIED**

DATE OF ORDER: June 2, 2020

Please read this Order carefully. Violation of or failure to comply with this Order is a misdemeanor punishable by fine, imprisonment, or both. (California Health and Safety Code § 120295, et seq.)

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101470, 101475, 101085, 120175, 120200, 120210 AND 120215 THE HEALTH OFFICER OF THE COUNTY OF SAN JOAQUIN ("HEALTH OFFICER") AND UNDER THE AUTHORITY OF CALIFORNIA GOVERNMENT CODE SECTION 8634 AND SAN JOAQUIN ORDINANCE CODE SECTION 4-3005, THE SAN JOAQUIN COUNTY PUBLIC HEALTH OFFICER and DIRECTOR OF EMERGENCY SERVICES OF THE COUNTY OF SAN JOAQUIN ORDERS:

1. This Order repeals and replaces the order issued by the Director of Emergency Services and the Public Health Officer on May 8, 2020. All sections of this order are binding on all businesses and individuals in San Joaquin County.
2. Definitions.
 - a. For purposes of this Order, "State Health Order" means an order issued by the California State Public Health Officer.
 - b. For purposes of this Order, "Local Health Order" means an order issued by the San Joaquin County Public Health Officer.
 - c. For purposes of this Order, "State Guidance" means specific industry and economic sector Guidance created by the State indicating measures to be taken by businesses to create a safer environment for workers and reduce the risk of exposure to and spread of the COVID-19 virus among employees and customers.

- d. For purposes of this Order “Business” or “Businesses” means all for-profit, non-profit, or educational enterprises, regardless of the nature of the service, the function they perform, or its corporate or entity structure.
3. On May 29, 2020, Governor Newsom began moving the State into Stage 3 of modifying the State’s Stay-at-Home order. Governor Newsom stated that the State would issue Guidance for additional sectors of the economy, and the counties guided by the County Health Officer and elected officials have the authority to determine when to implement such State Guidance.
4. The County Public Health Officer will issue Local Health Orders authorizing businesses to implement the State Guidance only after considering the availability of local health resources and the prevalence of COVID-19 within San Joaquin County, and determining that the implementation of the Guidance does not create an unacceptable threat to public health. No business or activity may be operated or engaged in unless the County Public Health Officer has issued a Local Health Order authorizing it.
5. All individuals currently living within the County of San Joaquin (the “County”) are ordered to stay at home or place of residence. To the extent individuals leave their homes or places of residence to engage in the Permitted Activities, as defined in Section 13, they must at all times implement Social Distancing Requirements, including maintaining at least six-foot distance from other individuals, washing hands with soap and water for at least twenty seconds as frequently as possible or using hand sanitizer, covering coughs or sneezes (into the sleeve or elbow, not hands), regularly cleaning high-touch surfaces, and not shaking hands. The use of face-coverings is strongly recommended.
6. Individuals experiencing homelessness are strongly urged to obtain shelter. Persons experiencing homelessness that are unable to locate shelter should refrain from being in encampments of more than 10 people, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to utilize Social Distancing Requirements in their operation).
7. There continue to be infections and deaths at a rate in San Joaquin County that necessitate a firm and carefully planned and managed response as the California economy is reopened. Notwithstanding the State’s success in slowing the spread of COVID-19, the current number of cases in San Joaquin County is now at 982 and the total number of deaths is at 35 as of Tuesday, June 2, 2020. There continue to be infections and deaths at a rate in San Joaquin County that necessitate careful and thoughtful adherence to the State’s Pandemic Roadmap for reopening the economy, which has been set in stages based on the risk level of resuming various activities.
8. From a public health perspective, the high percentage of pre-symptomatic

spread, in conjunction with the communal nature of many activities, supports the need to adhere to State Guidance and to be cautious in reopening additional sectors of the economy.

9. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, public activities can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to continue to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. While the evidence in San Joaquin County suggests that the individual efforts taken to date are reducing the transmission rate, it is imperative that everyone continues to abide by the Social Distancing Requirements and by the State Guidance.
10. All businesses with a facility or job site in the County, that are allowed to operate under any State Public Health order or Local Health Order, are directed to maximize the number of employees who work from home. All businesses operating within the County shall implement State issued Guidance and Social Distancing Protocols as specified in Section 14 below, except Outdoor Sports Facilities that shall implement the Outdoor Sports Facility Social Distancing Plan attached as Exhibit B.
11. All public and private gatherings of any number of people occurring outside a household or living unit are prohibited, except for the limited purposes as expressly permitted in Section 12, or as authorized in any subsequent Local Health Order. Nothing in this Order prohibits the gathering of members of a household or living unit.

Travel is permitted for urgent matters or if such travel is essential to your permitted work. Non-essential travel for vacations or pleasure should be avoided.

12. Exemptions.
 - a. For purposes of this Order, individuals may leave their residence to engage in the Approved Activities identified below. However, people who are at high risk of severe illness from COVID-19 and people who are sick, are urged to stay at home or place of residence to the extent possible except as necessary to seek medical care.

To engage in activities or perform tasks essential to their health and safety, or to the health and safety of their family or household members (including, but not limited to, pets), such as, by way of example only and without limitation, obtaining medical supplies or medication, visiting a health care professional, or obtaining supplies they need to work from home.
